

Willy's Quinoa Adobe Bowl — Yum and Fun All in One

Hey, did you know that quinoa has been successfully farmed for over 5,000 years as a primary food source? Boom, now you do! However, it's doubtful the ancient Myans had anything as tasty as Willy's Quinoa Adobe Bowl.

Most people know that this grain is a nutritional powerhouse. Our quinoa kicks it up a notch with onions, garlic, salt, and pepper, and it's a cornerstone of this bowl. When you combine all of that nutritional goodness with our Adobo chicken, black beans, lettuce, pico de gallo, cucumbers, and cilantro, you're sure to please your palate and get all of your micronutrients at once!

Do you have a ravenous appetite? A mouthwatering Quinoa Adobe Bowl is waiting just for you! Get it delivered, pick it up, or eat it right now in our cozy lobby. That's three ways to satisfy your Quinoa Adobe Bowl craving.

Care to add a little kick to your Quinoa Adobe Bowl? Try customizing your next order by adding some of Willy's original Habanero Salsa to the mix. This salsa combines the sweet, tangy flavor of Tomatillo Salsa with the rich, smokey flavor of Chipotle Salsa and the unmistakable zap of habanero chilies—the world's spiciest peppers. Fortunately, we grilled the habaneros to reduce the intensity and bring out more of the earthy notes of the pepper.

Willy's has been a trailblazer in the burrito business for more than 25 years and is pleased to be addressing the global demand to support local growers (in addition to satisfying our rumbling bellies). With the help of local farmers and like-minded organizations, we are able to serve our consumers with the only best and freshest flavors possible.

Throw a little Chili De Arbol salsa on your next order. What's in this yummy mix? Small dried chilies, known as chili D'arbol, a delicate blend of pumpkin seeds, sesame seeds, cumin, and cloves.

Or take your Southwest Chicken Salad in a whole different direction with our Chipotle Salsa. We integrate toasted tomato puree and chipotle peppers to create a rich smokiness that is uniquely Willy's. Chipotle Salsa is easily identifiable by its deep red hue and distinctive black pieces of roasted tomato peel.
